100 x 100

- Medical grade solution.
- Supports Monitors 12.7Kg.
- Compact but adjustable.
- 360° of swivel.
- Billet Aluminium construction.
- Can be cleaned with “Hospital Grade” solutions (10,000 parts bleach per 1,000,000).

The ErgoMounts Double Elite Quicklink Wall Mount hospital TV / monitor arm mounting solutions incorporate revolutionary design features allowing screens weighing up to 12.7kg to be supported whilst still providing effortless movement. Each model provides 1330mm (42”) of finger touch reach and 1066mm (42”) of vertical movement via the gas assisted arms. The Elite with Quicklink arm is designed for ease of use by both patients and clinicians alike. Each Elite wall mount provides 360° of screen swivel and 90° downward tilt. This enables patients to watch TV while sitting or lying in bed and also whilst seated in an adjacent chair.

The Double Elite with Quicklink is widely used for supporting patient entertainment systems. The unit can be fully extended to enable the TV screen to be viewed by both patients and guests before being folded back to the wall and out of the way when no longer needed. Additionally, should clinicians require emergency access to the patient then the TV can simply be swung out of the way. As a fully cable managed monitor mounting solution, the arm is ideal in hospital and dental environments.

### Manufactured to order...

All of our Medical Grade Mounting Solutions are manufactured to order by our partners in the United States. These are then air freighted to us before being hand inspected and assembled by our talented team of technicians at our headquarters in Hampshire, United Kingdom. This allows us to offer 100’s of combinations on our products as well as bespoke design but at a much shorter lead time to our competitors who often rely on Far East manufacturing.

## Installation & Maintenance

The ErgoMounts Planned Preventative Maintenance Programme (PPM) covers bi-annual visits from one of our highly trained technicians. They ensure all of our arms are working as intended and replace or repair any worn parts. This often extends the working life of the mounts by several years resulting in significant savings. Contact us to find out more about our installation and maintenance plans.

## Interested In Selling Our Products?

We're always looking for new businesses to take on and sell our exciting portfolio of products. Our resellers receive a range of exclusive benefits including combined marketing, trade accounts and access to our team of experts.
