- Mounts the screen just 30mm away from the wall.
- 70KG Capacity
- VESA Fixings up to 800mm x 500mm
- Universal Fixings up to 840mm x 500mm

The ErgoMounts EMZ500B/F Universal TV Bracket is a highly adaptive screen mount that mounts your monitor or TV just 30mm (1.2") from the wall. The EMZ500B/F has been designed to securely mount screens up to 80" or 70Kgs in weight onto a wide range of VESA and non-VESA compliant interface plates (full list can be found below). This bracket is also suitable for concrete, brick or up to 32" stud walls. This product is incredibly installer friendly and can be taken from the box and put up on the wall in minutes.
