

Infinity Secure Large Format TV Floor Stand

Specification Sheet

The Infinity Large Format TV Floor Stand is a premium mount designed to mount extra-large screens in a landscape or portrait orientation. A heavy duty steel base eliminates the need to bolt to the floor and adjustable leveling feet are included to accommodate uneven surfaces. The high-end aesthetic with an anodised aluminium finish and integrated cable management ensures finished installations are neat and tidy, making this Infinity product ideal for use in professional and commercial applications.

Modular Design

Imagine the Infinity series like a set of building blocks. Your setup could begin with 4 screens but you later decide that you actually need 8 instead. Rather than having to purchase a whole new stand, we can supply the components needed to expand the existing video wall to accommodate the additional screens. This stand could also be altered to mount from the ceiling, wall or a bolt down base.

Max Load: 70Kgs

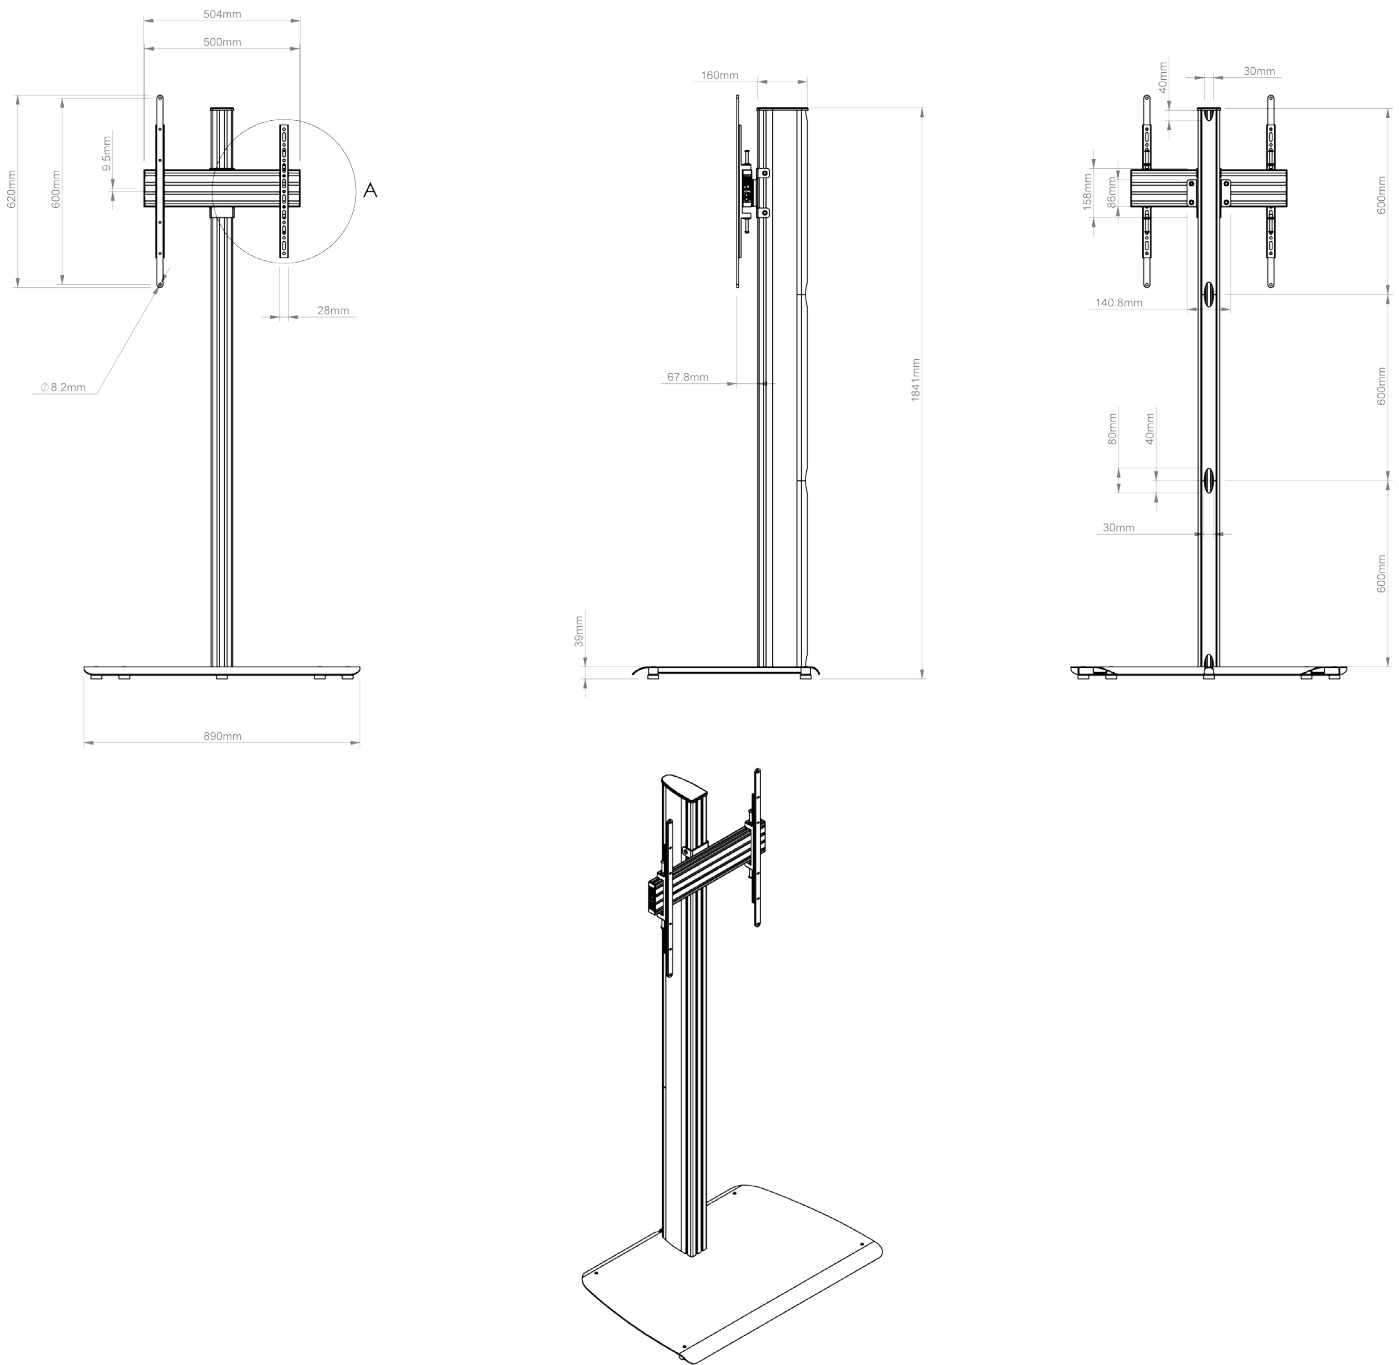

VESA & Non-VESA Interface Sizes: Up to 600mm x 400mm

Base Colour: Black

Column Colour: Black or Silver

Installation & Maintenance

The ErgoMounts Planned Preventative Maintenance Programme (PPM) covers bi-annual visits from one of our highly trained technicians. They ensure all of our arms are working as intended and replace or repair any worn parts. This often extends the working life of the mounts by several years resulting in significant savings. Contact us to find out more about our installation and maintenance plans.

Interested In Selling Our Products?

We're always looking for new businesses to take on and sell our exciting portfolio of products. Our resellers receive a range of exclusive benefits including combined marketing, trade accounts and access to our team of experts.
