The ErgoMounts LUS Laptop Desk Mount is an ergonomic laptop arm that also includes a slide out mouse tray (can be used on the left or right hand side of the device). This mount offers 360° of swivel at the desk mount and a further 360° at the end of the arm (independently). A small amount of positive or negative tilt can help achieve a comfortable typing position for the user while keeping the laptop in place. The laptop tray measures 33cm wide by 28cm deep and can support up to 20Kgs, making it ideal for most models of laptop and notebook. When not in use the laptop tray can be folded up and the arm folded on top of each other to help save space. This product is made of out billet Aluminium and is powder coated to produce a durable, lasting finish.

Manufactured to order...

All of our Medical Grade Mounting Solutions are manufactured to order by our partners in the United States. These are then air freighted to us before being hand inspected and assembled by our talented team of technicians at our headquarters in Hampshire, United Kingdom. This allows us to offer 100's of combinations on our products as well as bespoke design but at a much shorter lead time to our competitors who often rely on Far East manufacturing.

Installation & Maintenance

The ErgoMounts Planned Preventative Maintenance Programme (PPM) covers bi-annual visits from one of our highly trained technicians. They ensure all of our arms are working as intended and replace or repair any worn parts. This often extends the working life of the mounts by several years resulting in significant savings. Contact us to find out more about our installation and maintenance plans.
