The ErgoMounts T2 Medical Grade Monitor & Keyboard Pole Mount adjuster is one of the strongest arms available on the market which has been specifically designed with the needs of the healthcare market in mind. The T2 Series is available in configurations offering up to 1130cm of reach and folds to within 150mm (5.9”) of the pole when not in use. The Paralink monitor adjuster also provides up to 127mm / 5” of height adjustment and the monitor can be rotated from landscape to a portrait position.

The T2 arm is designed to provide years of dependable service under heavy use. This arm moves easily through its range of motion and has adjustable rotation stops to protect the equipment and facility from damage. Internal cable management creates a neater appearance, protects wires and simplifies cleaning.

This mount will be compatible with all screens with a VESA 75mm x 75mm or VESA 100mm x 100mm interface and that weigh 12.7Kg or less.

This product can be wiped clean with hospital grade solutions (10,000 parts bleach per 1,000,000) making them also ideal for areas where they are going to be exposed to large amounts of dirt and dust such as workshops or production lines.

Manufactured to order...

All of our Medical Grade Mounting Solutions are manufactured to order by our partners in the United States. These are then air freighted to us before being hand inspected and assembled by our talented team of technicians at our headquarters in Hampshire, United Kingdom. This allows us to offer 100’s of combinations on our products as well as bespoke design but at a much shorter lead time to our competitors who often rely on Far East manufacturing.

Installation & Maintenance

The ErgoMounts Planned Preventative Maintenance Programme (PPM) covers bi-annual visits from one of our highly trained technicians. They ensure all of our arms are working as intended and replace or repair any worn parts. This often extends the working life of the mounts by several years resulting in significant savings. Contact us to find out more about our installation and maintenance plans.
