- Medical grade solution.
- Monitor & keyboard combinations up to 14.5Kg (32lbs).
- Can be folded away to 254mm (10") when not in use.
- Fully cable managed solution.
- Billet Aluminium construction.
- Can be cleaned with "Hospital Grade" solutions (10,000 parts bleach per 1,000,000).

The ErgoMounts Ultra 182 Pole Mount Arm is a state of the art medical grade monitor & keyboard solution. The key difference between the Ultra 182 and the Ultra 180 is the main gas cylinder of the 182 offers a further 4" (101.6mm) of additional length. The mounting arm can rotate 360° at the pole and provides a further +/- 135° of independent pan at the monitor. The screen can tilt +/-25° to obtain the optimum viewing angles for users.

This monitor arm can support monitor and keyboard solutions up to 14.5Kg in weight. This mount has been designed for use in healthcare environments and can be cleaned with medical grade solutions (10,000 parts bleach per 1,000,000).

Manufactured to order...

All of our Medical Grade Mounting Solutions are manufactured to order by our partners in the United States. These are then air freighted to us before being hand inspected and assembled by our talented team of technicians at our headquarters in Hampshire, United Kingdom. This allows us to offer 1000's of combinations on our products as well as bespoke design but at a much shorter lead time than our competitors who often rely on Far East manufacturing.

Installation

We understand that sometimes customers always don't have the time, technical knowledge or equipment to install our products efficiently and safely. That's why for nearly 10 years our team of highly trained engineers have been installing our products up and down the country. Whether you're looking for a single mount installation or a multi-site rollout we have the capabilities to make it happen. To find out what installation options are available to you please contact us today. Once the installation has been completed why not consider taking out a servicing and maintenance agreement on your new mount to ensure it always operates to the best of its ability.

Maintenance

Unexpected repairs are always a hassle. They often result in added expense and operational downtime. That is why ErgoMounts' offer a preventative maintenance and servicing plan for all of our customers. Although all of our products are high quality and built to last unfortunately over time they will begin to deteriorate and eventually break. By this time it is usually too late to fix the original issue and the entire unit needs to be replaced. However, customers that take up our Servicing plan often avoid this inconvenience by receiving a visit from a highly trained engineer every 6 months. They will check that your product is performing as intended and repair or replace selected parts that are beginning to wear down before they completely fail. Well maintained mounting solutions last longer saving you money and time in the long run.
