

## UltraView 401 Series LCD LED Monitor Arms

The ErgoMounts UltraView 401 LCD LED monitor arm is the ideal desk mounting solution where ergonomic height adjustment is required yet space is at a premium. This model is supplied with a bolt through/grommet mount fitting or desk clamp. The bolt through/grommet mount fitting fits through the desks cable management port, reducing the need for additional drill holes. Both mounts can support monitors up to 12kg in weight.

The 35mm diameter pole allows a huge 400mm of height adjustment, yet attaches to the monitor within 70mm of the pole. The design also allows 180° of both tilt and swivel movement, in addition to landscape and portrait rotation.

- Ergonomic LCD LED monitor arm supporting monitors up to 12kg on a 35mm diameter pole.
- Supplied with desk clamp, or bolt through fitting.
- Provides up to 400mm (15.7") of height adjustment. 700mm (27.5") tall pole upgrades available.
- Highly aesthetic.
- Supplied with 75mm and 100mm VESA interface plates.
- Monitors tilt, angle and move from portrait to landscape.
- Touch screen stable.
- Finished in silver.
