- Medical grade solution.
- Supports Monitors 8.2Kg.
- Compact but adjustable.
- Billet Aluminium construction.
- Can be cleaned with “Hospital Grade” solutions (10,000 parts bleach per 1,000,000).

The ErgoMounts Ultra 510i Inverted Medical Grade Monitor Wall Track Mount is a high end mounting solution that has been designed to excel in healthcare, commercial, industrial and even office environments. The Ultra 510 arm provides up to 150mm of built in height adjustment, tilt and up to 180° of rotation (swivel). Further height adjustment is achieved with our medical grade wall track systems. As standard these are supplied in 19” (483mm), 36” (915mm) and 50” (1270mm) lengths. Mounting the monitor in an inverted position means that the wall track can be secured higher up clearing any potential obstacle lower down on the wall such as head boards or desks. Once in position two handles next to the screen can secure the mount in to place. The Ultra 510i is compatible with 99.9% of monitors provided they weigh less than 8.2KG and also feature a VESA 75mm x 75mm or VESA 100mm x 100mm interface plate.

This mount will be compatible with all screens with a VESA 75mm x 75mm or VESA 100mm x 100mm interface and that weigh 8.2Kg or less.

This product can be wiped clean with hospital grade solutions (10,000 parts bleach per 1,000,000) making them also ideal for areas where they are going to be exposed to large amounts of dirt and dust such as workshops or production lines.

### Manufactured to order...

All of our Medical Grade Mounting Solutions are manufactured to order by our partners in the United States. These are then air freighted to us before being hand inspected and assembled by our talented team of technicians at our headquarters in Hampshire, United Kingdom. This allows us to offer 100's of combinations on our products as well as bespoke design but at a much shorter lead time to our competitors who often rely on Far East manufacturing.

## Installation & Maintenance

The ErgoMounts Planned Preventative Maintenance Programme (PPM) covers bi-annual visits from one of our highly trained technicians. They ensure all of our arms are working as intended and replace or repair any worn parts. This often extends the working life of the mounts by several years resulting in significant savings. Contact us to find out more about our installation and maintenance plans.

## Interested In Selling Our Products?

We're always looking for new businesses to take on and sell our exciting portfolio of products. Our resellers receive a range of exclusive benefits including combined marketing, trade accounts and access to our team of experts.
