

# Ultra Keyboard Desk Mount

Specification Sheet

Up to  
830mm

+/- 25°

+/- 180°

20.4Kg

75 x 75  
100 x 100

### Ideal For

### Healthcare

### Education

### Manufacturing

### Commerical

- Medical grade solution.
- Can support up to 20.4Kg.
- Tray Can be folded up and away when not in use.
- Billet Aluminium construction.
- Can be cleaned with "Hospital Grade" solutions (*10,000 parts bleach per 1,000,000*).

The ErgoMounts Ultra Keyboard Desk Mount is a medical grade solution that allows you to mount a keyboard on to an ergonomic arm coming away from a work surface. Available configurations include; compact, extended (single 280mm (11") arm) or long reach (dual 280mm (11") arms) which can provide up to 830mm of reach from the desk.

When no longer required the Ultra arms can be pushed back and folded on top of one another against the pole clamp. The keyboard tray can then be flipped up, further reducing this mounts footprint and increasing the available workspace

### Manufactured to order...

All of our Medical Grade Mounting Solutions are manufactured to order by our partners in the United States. These are then air freighted to us before being hand inspected and assembled by our talented team of technicians at our headquarters in Hampshire, United Kingdom. This allows us to offer 1000's of combinations on our products as well as bespoke design but at a much shorter lead time than our competitors who often rely on Far East manufacturing.
